The Department of AI & ML organized an IEEE activity titled **"Mind-Meets Machine"**, a two-day project expo. The event provided a platform for students to showcase their innovative projects and technical skills in Artificial Intelligence and Machine Learning. Various teams presented working models, research ideas, and real-time applications to faculty members and judges. The expo encouraged creativity, problem-solving, and practical implementation of emerging technologies. It also promoted teamwork, technical communication, and research-oriented thinking among students. Overall, the event was a great success and strengthened the spirit of innovation within the department.
