industrial visit	24 th to 27 th Aug ust.	MSME, Vizagof fline	120

3rd year students from AI&ML, AIDS, and CS-DS participated in an industrial visit to MSME, Vizag. The visit was organized to provide students with practical exposure to industrial processes and real-time applications of technology. During the visit, students learned about various manufacturing techniques, quality control measures, and the role of small and medium enterprises in economic development. Industry experts explained the implementation of automation, data management, and modern tools used in production units. The visit helped students bridge the gap between academic learning and industrial practices. Overall, it was an informative and enriching experience that enhanced their practical knowledge and professional awareness..
