Artificial Intelligence and Machine Learning workshop	13th December 2024	offline	60

A one-day workshop on Artificial Intelligence and Machine Learning was conducted for 3rd year students. The session was delivered by Mr. Vimal Chaubey, Data Engineer at Tata Croma, Mumbai. He explained the core concepts of AI and ML along with real-time industry applications. Students gained insights into data engineering and career opportunities in the AI & ML field. The workshop was interactive and highly beneficial for academic and practical learning.
