

Report of 6 Days FDP on “Instructional Design and Delivery Systems”

Swarnandhra College of Engineering & Technology and IQAC of the institute conducted 6 Days FDP on “Instructional Design and Delivery Systems” from 15/06/2026 to 20/06/2026.

Dr C. Nagendra Rao, former Professor, NITTTR-Chennai acted as resource person.

The programme aims at serving teachers’ teaching the technical aspects to students in engineering colleges to enhance their teaching competence in order to meet the needs of today’s generation.

The programme encompassed a wide range of enriching sessions on:

- 📖 Understand the teaching learning process, Pedagogy & Innovative Teaching Practices
- 🗣️ Effective Communication
- 💡 Use appropriate strategies to motivate students
- 🌱 Comprehend the characteristics of adolescent learners
- ✍️ Write Instructional Objectives, Use appropriate Instructional methods and media
- 🧠 Use appropriate evaluation tools to assess students
